

## ***Attention:***

Blue Ribbon prints will no longer be photographed for the banquet slideshow, newsletter or web site. Instead, we are asking that you include a digital file of each of your entries on CD or DVD ***in your print case*** with the following specifications:

Images should be flattened and in TIFF or JPG format. Resolution needs to be ***at least*** 4 x 5 inches @ 300 ppi and each file should be named with its entry title.

CDs and DVDs must be finalized and only in the following formats: CD, CD-RW or DVD-R. No Dual Layer or Blue-Ray DVDs will be accepted.

Failure to include digital files ***will not disqualify your print case***, however, if not included, your image(s) will not be included in the banquet slideshow, nor will they be printed in the newsletter, displayed on the Triangle website or printed in any other publication such as the Blue Ribbon print book. Also, should you win the Best of Show trophy, the image will not be printed on the following year's membership directory.

Please contact the print chairman if you have any questions.
